Israel At War!

Is This Prophecy Coming True!?

Guideline for Interpreting Prophecy and Current Events

- Interpret current events in light of the Bible, not the Bible in light of current events.
- 2. Be sure the biblical text provides enough data to draw a correspondence with current events.
- 3. The fulfillment of prophetic events related to Israel will not take place until after the age of the church.

The disturbing fact of the past month is that Jews are under attack not only in Israel and not only by Hamas. The weeks since the barbaric Oct. 7 Hamas invasion of Israel have witnessed physical assaults on Jews the world over, including in the U.S. and Europe. This most modern of pogroms—global, televised, politicized—demonstrates exactly what is at stake as Israel ramps up its defensive war against Hamas in Gaz

Wars and Rumors of War Spread Across the Globe

BY MICHAEL SNYDER/END OF THE AMERICAN DREAM, AUGUST 2023

Most of us just want to live in peace, but leaders all over the world are preparing for more war. In fact, at this point it appears that the entire globe is being gripped by a really bad case of war fever.

Five Global Dangers from the Gaza War

- 1. Economic disruption could trigger a global economic "shock," including soaring oil and food prices leading to global hunger
- 2. Military vulnerability will draw other nations into a wider military conflict?
- 3. Political Realignment global schism will continue after war ends.
- 4. New strategic challenges will "degrade" U.S. global standing by capitalizing on worldwide sympathy for Palestinians.
- 5. Belligerent non-state actors will provoke others to engage in terrorism.

2. Establishing a pattern for religious-political domination and war.

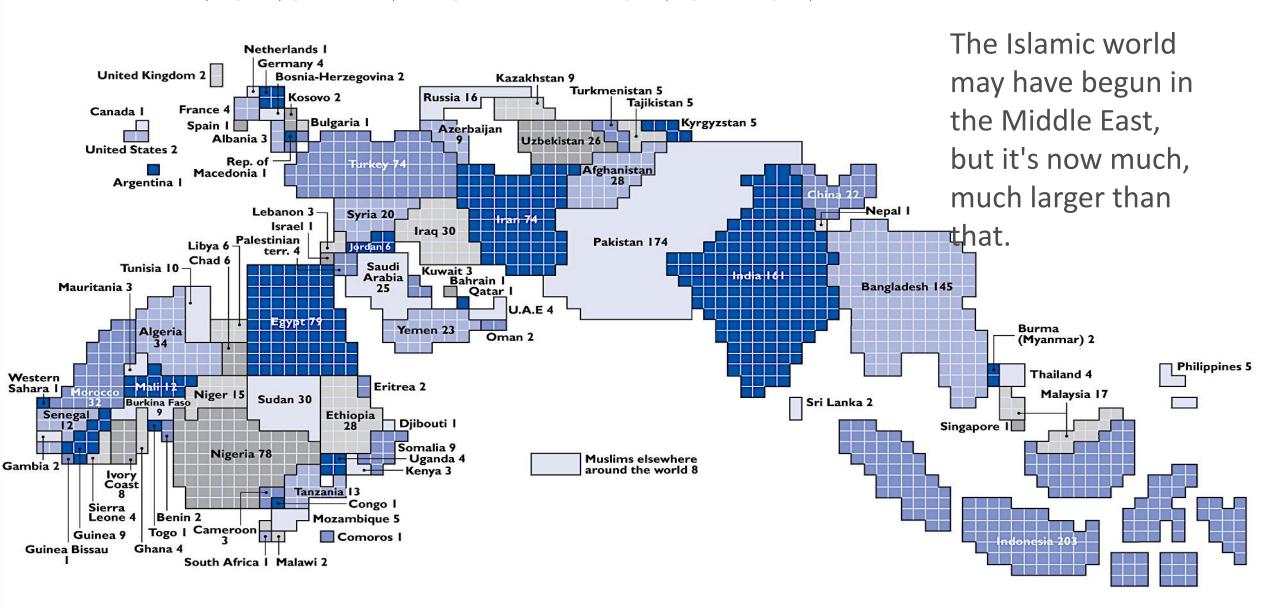

"Who is like the beast, and who is able to wage war with him? ... And it was given to him to make war with the saints and to overcome them; and authority over every tribe and people and tongue and nation was given to him. THE GLOBAL DOMINANCE OF ISLAM

Islam, not Nationalism, is All-Important

"Iran is not important.

Islam is what is important."

For the regime, it was about using Iran as a platform to launch its revolution and trying to export its ideology worldwide, not about the Iranian people.

Iranian Fatwah Concerning Jihad

"Islam makes it incumbent on all adult males ... to prepare themselves for the conquest of countries so the writ of Islam is obeyed in every country of the world ... Those who know nothing of Islam pretend that Islam counsels against war. Those [who say this] are witless. Islam says: 'Kill all the unbelievers just as they would kill you all! Kill them, put them to the sword and scatter [their armies]' ... Islam says: 'Kill in the service of Allah those who may want to kill you! ...'

Iranian Shi'ite Imam Ayatollah Khomeini

"The Mahdi will arise from Mecca and all of Arabia will submit to him and then other parts of the world as he marches upon Iraq and establishes his seat of global government in Kufa. Then he will send 10,000 of his forces to the east and west to uproot the oppressors (enemies of Islam) and one land after another will come under his control. The last of his apocalyptic battles will be the overthrow by his troops of his archvillan in Jerusalem, the Islamic holy city in Palestine currently under occupation of the Zionists." All We Need is War

"The Great Reset is a globalist plan that is moving forward at lighting speed. The COVID-19 pandemic was part and parcel of that plan, but to really fulfill the technocrats' ambitions, a war of some kind is needed. Israel's war in Gaza has exposed a deepening global divide

Israel vs HAMAS -Religious & Civilizational

HAMAS defines itself as "an outstanding type of Palestinian movement" that is religious and civilizational, seeking to oppose ongoing Israeli aggression against Jerusalem and attempts to Judaize the Arab/Muslim holy Al-Aqsa mosque. The Israeli counter-framing of the war similarly deploys religious and civilizational terms. Prime Minister Benjamin Netanyahu termed it 'a struggle between the children of light and the children of darkness, between humanity and the law of the jungle.' This has historically been understood by HAMAS and the Palestinian Authority and most Arab nations as a religious war (Jihad) between ... the civilizations of the West (Judeo-Christian) and East (Islam). Each side has referred to religious texts and national values to justify their actions. The HAMAS-Israel war is currently dividing the world into sides – largely against Israel.

Another Step Toward International War

Ray Dalio

Founder, CIO Mentor, and Member of the Bridgewater Board Published Oct 12, 2023

What happened and is happening between Israel and Hamas, like what happened and is happening between Ukraine and Russia, should raise revulsion and fear in everyone. That is true both because these conflicts reveal the unimaginably terrible and revolting ways people can and do treat other people—especially innocent civilians—and because no one anywhere can be sure that they won't someday find themselves in some horrible war. It appears that we are at a very critical juncture in which we will soon see if the Israel-Hamas war spreads and how far it spreads and, longer term, whether the great powers ... get involved (and cross the brink).

7. Forcing the Nations to Invade Israel.

The "Phased Plan" as adopted by the Palestine National Council

"Once it is established, the Palestinian National Authority will strive to achieve a union of the confrontation countries, with the aim of completing the liberation of all Palestinian territory, and as a step along the road to comprehensive Arab unity."

Israel's Next War – Israel Against the Nations

The world is pushing Middle East leaders to support the establishment of a "real" Palestinian state after the Israel-HAMAS war ends. Regional countries and other major powers such as the Arab states, the U.S., EU, France, the UK, China and Russia all agree on working towards a two-state solution and the UN has repeatedly called for an "irreversible" move towards a two-state solution. The Palestinians demand a state with no settlements, all of Jerusalem as its capital under Shariah (Islamic) Law. This has never been, and will never be, acceptable to the Israelis. Moreover, all of the Palestinians are united in their continued desire to destroy Israel, and the creation of a terrorist state within or next to Israel, will be rejected by Israel's leaders. This will move the UN and other nations (including the US) to oppose Israel's intransigence and belligerence and seek to compel Israel "to make peace" by sanctions and threats. Israel will claim it is a sovereign nation and refuse to be bullied and may seek to secure their sovereignty over "Jerusalem" by rebuilding the Temple. This will lead to military intervention (initially a U.N. Peace-Keeping Force and later a larger multi-national force).

Could This Conflict Lead to Ezekiel's Prophecy?

"If Israel decided to strike out at Iran, specifically, because they're funding all of this, what would that produce? Well, it could produce a conflict we read about in Ezekiel 38. The Bible says that Magog will come against her will; the Bible describes hooks in her jaws, pulling her forward almost as though Magog is coming in reluctantly along with her ally, Persia (Iran) ... If you get up in the morning and read this headline, 'Russia Attacks Israel,' fasten your seatbelt because you're seeing Bible prophecy fulfilled in your lifetime before your very eyes."

"For I will gather all the nations against Jerusalem to battle, and the city will be captured, the houses plundered, the women ravished, and half of the city exiled, but the rest of the people will not be cut off from the city. Then the LORD will go forth and fight against those nations, as when He fights on a day of battle." Zechariah 14:2–3
