CAIR's Blueprint for Islamic Power: Nihad Awad Unveils 2050 Plan to Train 100,000 Muslims to Capture Media, Law, and Government (Video)

 RAIR Foundation  October 19, 2025  1 comment  4 min read

From a mosque pulpit, Nihad Awad delivered not a sermon but an action plan — directing U.S. mosques to fund and produce 100,000 Muslim journalists, lawyers, policymakers, and candidates by 2050 in order to build Islamic political power inside America.

I just introduced the No Sharia Act, which would ensure that no U.S. court, public agency, or legal institution can ever enforce or legitimize Sharia law.

You don't get to come to this country and demand that our legal system accommodate your oppressive laws.

Proud to work with [@RepKeithSelf](#) on this important legislation.

Governor Abbott Designates Muslim Brotherhood, CAIR As Foreign Terrorist Organizations

November 18, 2025 | Austin, Texas | [Press Release](#)

Governor Greg Abbott today [designated](#) the Muslim Brotherhood and the Council on American-Islamic Relations (CAIR) as foreign terrorist organizations and transnational criminal organizations. This designation authorizes heightened enforcement against both organizations and their affiliates and prohibits them from purchasing or acquiring land in Texas.

“The Muslim Brotherhood and CAIR have long made their goals clear: to forcibly impose Sharia law and establish Islam’s ‘mastership of the world,’” said Governor Abbott. “The actions taken by the Muslim Brotherhood and CAIR to support terrorism across the globe and subvert our laws through violence, intimidation, and harassment are unacceptable. Today, I designated the Muslim Brotherhood and CAIR as foreign terrorist organizations and transnational criminal organizations. These radical extremists are not welcome in our state and are now prohibited from acquiring any real property interest in Texas.”

The Abraham Accords Declaration

We, the undersigned, recognize the importance of maintaining and strengthening peace in the Middle East and around the world based on mutual understanding and coexistence, as well as respect for human dignity and freedom, including religious freedom.

We encourage efforts to promote interfaith and intercultural dialogue to advance a culture of peace among the three Abrahamic religions and all humanity.

We believe that the best way to address challenges is through cooperation and dialogue and that developing friendly relations among States advances the interests of lasting peace in the Middle East and around the world.

@realDonaldTrump

I am very proud to announce that Israel and Hamas have both signed off on the first Phase of our Peace Plan. This means that ALL of the Hostages will be released very soon, and Israel will withdraw their Troops to an agreed upon line as the first steps toward a Strong, Durable, and Everlasting Peace. All Parties will be treated fairly! This is a GREAT Day for the Arab and Muslim World, Israel, all surrounding Nations, and the United States of America, and we thank the mediators from Qatar, Egypt, and Turkey, who worked with us to make this Historic and Unprecedented Event happen. WHAT CAN WE DO??

- ❖ Face truth & history: We cannot make “peace” with Islam! (Ideological and spiritual enemy)
- ❖ Islam & Shari’ah can’t be protected under US Constitution & 1st Amendment (not individual Muslims)
- ❖ Litmus test on immigration/citizenship (Extreme vetting)
- ❖ Challenge building of Muslim cities at the local & county level
- ❖ Push for legislation banning foreign Islamic countries/individuals from buying land within the U.S.

WHAT CAN WE DO??

- ❖ Challenge city councils with threat of lawsuits when they allow the Islamic call of prayer (what is the equal religious accommodation)
- ❖ Label Muslim Brotherhood (especially CAIR) as terrorist organization

Ashraf Islam Engineering Building

The new engineering building will be the first new engineering facility at Tech in 50 years, since Prescott Hall was completed in 1971. It will be a showcase for Tech's flagship College of Engineering and will be a student-centered interdisciplinary smart building used by all departments in the college. The new 100,000-square-foot engineering building is an investment in Tech's future and will allow the university to continue to provide a quality engineering education.

The university broke ground on this new facility in summer 2021.
